### THE INDUSTRIAL HYGIENE LABORATORY CAN HELP WITH YOUR SAMPLING AND ANALYSIS NEEDS

---

*Many clients have access to a limited or antiquated stock of industrial hygiene equipment that can significantly minimize their ability to evaluate employee workplace exposures. In addition, the resources and expenses associated with purchasing, repairing, maintaining and calibrating this equipment can be daunting. In an effort to simplify this process, Travelers Industrial Hygiene (IH) Laboratory has developed the following programs to help our clients conduct IH monitoring projects.*

#### Free pump loan

High- and low-flow pumps are loaned for up to two weeks FREE of charge as long as samples are submitted to the laboratory for analysis.

To make your sampling project as simple as possible, we automatically include everything that you need to successfully collect valid air samples. A typical order includes state-of-the-art air sampling pumps, a primary calibrator, chargers, and sample collection media as well as all of the accessories needed for your sampling project.

In addition, instructions are included with each order, although you are welcome to call our IH Helpline (800.842.0355) or view the instructional videos online at [travelerslab.com](http://travelerslab.com).

#### Instrument rental

Industrial hygiene projects often require the use of instruments that can be costly to purchase, maintain and calibrate. The most frequently used IH instruments, such as noise dosimeters, sound level meters and heat stress monitors, are available for your use.

Instructions are included with each order, although you are welcome to call our IH Helpline (800.842.0355) or view the instructional videos online at [travelerslab.com](http://travelerslab.com).

The next page includes a list of the equipment that is available for your use.

#### Pump Loan Plus<sup>®</sup>

Our *Pump Loan Plus* program (PLP) is a virtual consulting program that includes FREE pump loan supplemented with technical assistance from a Certified Industrial Hygienist (CIH). After the client-collected samples have been analyzed by the laboratory, the CIH will review the exposure data, compare the data to specific occupational exposure limits (OELs) and provide this information to the client. This helps the client document their exposures to current OELs and to become more self-sufficient in their occupational exposure assessments in a timely and cost-effective manner.

#### Perm Pump Management (PPM)

For clients who plan to collect samples on a continuous basis (for on-going monitoring or long-term monitoring projects), Perm Pump Management is an alternative to our FREE pump loan program. Air sampling pumps (and associated supplies) are loaned for an extended period of time as long as samples continue to be submitted to the laboratory for analysis. PPM extends the normal two-week pump loan for longer term monitoring projects.

#### How to order

To order pumps or rental equipment, visit us online at [travelerslab.com](http://travelerslab.com) or call 800.842.0355 (8 a.m. to 5 p.m. ET).

## Industrial Hygiene Equipment Programs

---

Instrument	Quantity	Daily Rental	Weekly Rental
Noise Dosimeters	1*	\$ 20.00	\$ 100.00
Sound Level Meter	1	\$ 50.00	\$ 250.00
Octave Band Analyzer	1	\$ 50.00	\$ 250.00
Heat Stress Monitor (WBGT)	1	\$ 50.00	\$ 250.00
Velometer	1	\$ 40.00	\$ 200.00
Dräger Pump	1	\$ 20.00	\$ 100.00

\* A maximum of 6 dosimeters can be rented at a time.

### Direct read tubes available for purchase

#### Dräger short-term tubes

(Dräger Pump rental is not included)

CO or CO<sub>2</sub> (box of 10)      \$ 90.00 per box

All others (box of 10)      \$ 125.00 per box

#### Dräger long-term diffusion tubes

Box of 10      \$ 125.00 per box

#### Dräger diffusion tube clips

\$ 20.00 each (for use with diffusion tubes)

### Notes

- Equipment shipping is charged at prevailing rates
- Rush orders (within four business days) are charged an applicable expedition fee as well as the shipping fees
- Pumps are loaned for a maximum of two weeks unless prior arrangements have been made with the Laboratory
- Charges for unreasonable wear, loss, repair or replacement not included
- Equipment is loaned or rented on a first-come, first-served basis
- Prices subject to change without notice
- Travelers reserves the right to refuse the loaning or renting of equipment to any customer for any reason
